

Arrival in Manila International Airport

Manila International Airport, also known as Ninoy Aquino International Airport (NAIA), serves as the main international gateway to the Philippines. The airport is located along the borders of Pasay City and Paranaque City in Metro Manila.

There are four terminals at the Manila airport but you are most likely to arrive at Terminal 1 since it is intended for international airlines.

The picture below is a map of Terminal 1 and the different sections that you have to pass thru upon arrival.

Transport Options:

Option 1: Metered Taxi (yellow taxi) – Available at the left side portion upon exit from the airport

Option 2: Fixed Rate Taxi (pre-booked taxi) – available across the road in front of the exit

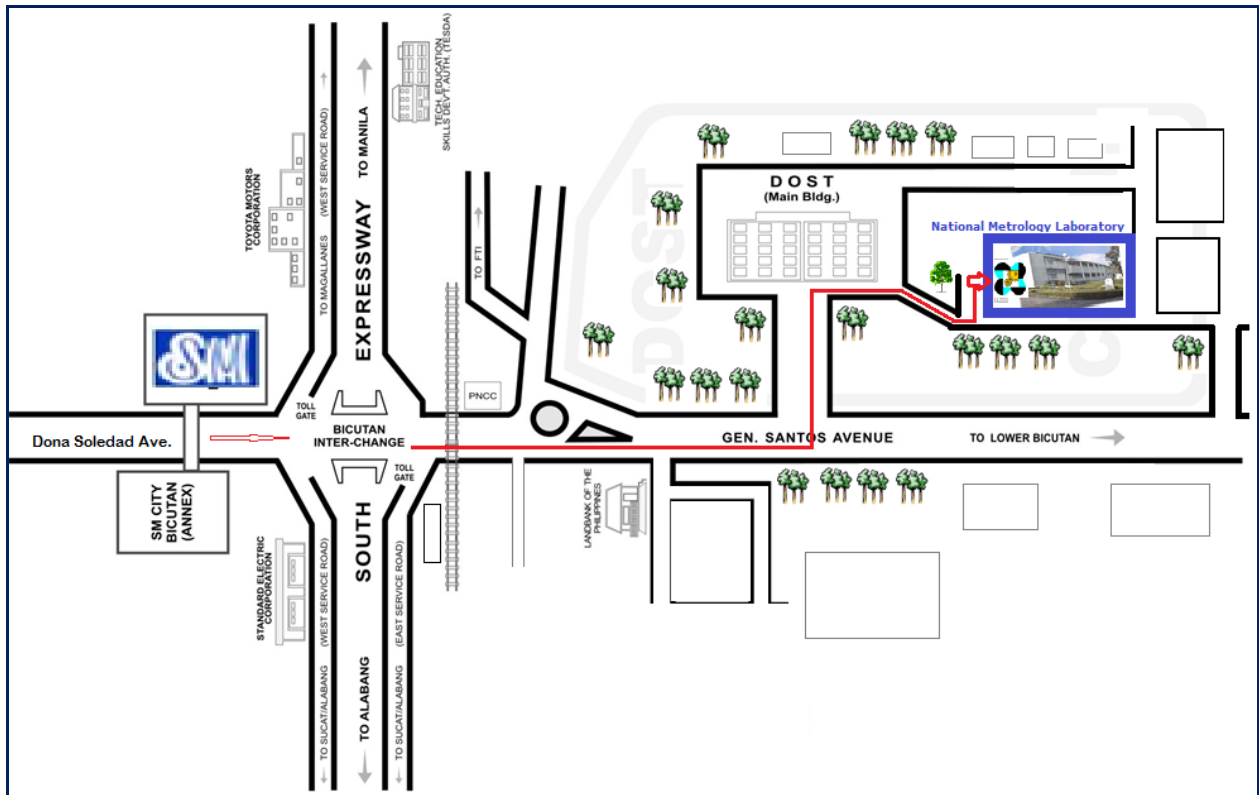

Option 3: Pick-up service – proceed to the waiting area for arriving passengers in front of GREETING AREA by going down the ramp located across the road. This option is for pre-arranged transport only.

How to Access NML-ITDI,DOST

Taxi service is the only available transportation travelling directly from the Manila Airport going to DOST Compound. Taxi cabs are in queue upon exit from the airport. Take only official, metered or pre-booked taxis. Do not accept rides from people that approach you in the terminal. Tell the driver to bring you to DOST Compound in Bicutan, Taguig. Distance is around 10km and it will take about 30 minutes ride from the airport to Bicutan. The taxi will pass along Multinational Avenue and Dona Soledad as shown in the map.

Surrounding landmarks near DOST are SM Bicutan, Philippine National Railways (PNR) Station, Polytechnic University of the Philippines (PUP) and Camp Bagong Diwa. DOST main gate is located along Gen. Santos Avenue. The taxi can enter inside the compound and take you directly to the Metrology Building of Industrial Technology Development Institute (ITDI). Fare from airport to DOST ranges from 500Php to 700Php (12USD to 16USD).
